**Proceedings of the Meeting of all Principal Investigators, Coordinators, Director-RCII and CoF in presence of the Vice Chancellor held on 1PM, 29.07.2022 to sort out the difficulties in the operation of Research and Development Projects.**

The members present expressed their concern for timely submission of UCs and SoEs by the end of each F/Y. They also put forth their grievance on utilization of carry over balance fund to the next F/Y prior to the release of grant by funding agency for the smooth execution of the ongoing R&D projects/extramural grants. The P.Is/Coordinators showed their disappointment with respect to unnecessary delay in procurement of Non-recurring items, including laboratory equipments through GeM as the quality and accuracy of the procured items are not up to the mark. The extramural grants are time bound and the equipment should be procured in time for its utilization as per the mandate of the project. The Director, RCII apprised that there is no designated Audit Officer available at Berhampur University and there is a stipulation of signature of the Audit Officer in the UC and SoE in respect of some of the extramural grants. Keeping in view the concerns of the members present, the following resolutions were made:
