The Annual Quality Assurance Report (AQAR) of the IQAC (2015-16)

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. *(Note: The AQAR period would be the Academic Year. For example, July 1, 2015 to June 30, 2016)*

1.2 (i) Flexibility of the Curriculum: CBCS/Core/Elective option / Open options

The Choice Based Credit System enables a student to obtain a degree by accumulating required number of credits prescribed for that degree. The number of credits earned by the students reflects the knowledge or skill acquired by him/her. Each course is assigned with a fixed number of credits based on the contents to be learned. The students also have choice in selecting courses out of those offered by various departments.

Courses offered in the University follow both semester and Annual pattern and the semester pattern under CBCS system. The marks obtained are converted in to grades under relative grading system. The courses offered under Distance Education follow the Annual pattern and the divisions are awarded on the basis of the mark secured.

The practice of final grading under CBCS system calculated as the weighted SGPA and CGPA are computed on the basis of grades awarded in the semester examination and the number of credits prescribed for a particular course. The grades in the semester examination are awarded based on relative grading. All diploma courses also follow the semester pattern but these final marks are taken into consideration not the grade.

(ii) Pattern of programmes:

Pattern	Number of programmes
Semester	✓
Trimester	
Annual	✓ (UG & PG-DE Mode)

1.3 Feedback from stakeholders* (On all aspects)

Alumni Parents Employers Students
 Mode of feedback : Online Manual Co-operating schools (for PEI)

*Please provide an analysis of the feedback in the Annexure

1.4 Whether there is any revision/update of regulation or syllabi, if yes, mention their salient aspects.

YES

The curricula of all the programmes have been revised periodically through Board of Studies. The CBCS course also allows freedom to the students to choose elective course from the same or from the other departments which enables them to bridge the gaps and deficiencies which they may have in order to meet the requirements of core courses. A revised Ph.D regulation, 2016 has been introduced.

1.5 Any new Department/Centre introduced during the year. If yes, give details.

SUGGESTIONS

- WiFi Campus
- Better Canteen Facilities
- Yoga Classes
- Smart Classroom
- Project work
- Security for Boys Hostels
- Boundary Wall
- Enhanced Research Orientation
- Enhanced Transport Facilities

Action Taken based on Feedback

- The university campus has been made WiFi
- Two Smart Classrooms for each department (work in progress, some completed)
- Project work has been implemented in some departments and the syndicate in its meeting held on 12 April, 2016 has approved the suggestions of the external academic audit to introduce project work for all departments
- The boundary wall has been constructed partly from the M.L.A./M.P. LAD fund and rest shall be completed in due course
- To provide momentum to research activities, a Research Cell has been instituted
- Recommendation of the IQAC has also been approved by the Syndicate in its meeting on 12 April, 2016 to offer Research Fellowship in the identified thrust areas and the fund for this purpose shall be met from the interest earned from the Corpus Fund of Five Crore
- Transport Facilities(a number of buses) have been provided to both students and employees by deploying university buses as well as private buses.

2.6 Innovative processes adopted by the institution in Teaching and Learning:

1. Conducting several workshops by professionals for development of soft skill/employability of the students.
2. A system of peer learning, students mentoring, team building and organization of events involving students for their academic progress have been implemented to ensure an inclusive academic ambience in each and every departments of the university.
3. University organises induction/orientation programme for fresher spanning for about 2 to 3 days in the beginning of each academic session.
4. Remedial classes for the SC/ST/Minorities students were conducted by the university through separate cell which imparts teaching, learning and mentoring for their academic and social development.
5. Mentoring concept is put into practice through proctorial classes wherein the proctor counsel the students on academic and non-academic matters.
6. The university, which mostly caters to the need of the students mostly from poor socio-economic background, has monitored the academic growth of the students of the disadvantage section of the society. It has been observed that there is steady increase in the enrolment ratio and pass percentage of these students.
7. University has adopted Choice Based Credit System(CBCS) in its curriculum.

SWOC ANALYSIS OF THE UNIVERSITY

Strength:

- ✓ Berhampur University is the only University in the State offering Post Graduate Course in Marine Sciences, Military Sciences, Linguistics and Diploma courses in Russian Language.

Weakness:

- ✓ During the last two years the university has witnessed two successive disasters namely Phailin and Hudhud in form of cyclone. The member of bhanja bihar family took it as a challenge and worked hard collectively to restore the normalcy within 42 days with the help of district administration.

- ✓ Berhampur University caters to the need of seven most backward districts such as Gajapati, Ganjam, Kandhmala, Koraput, Malkanagir, Nabarangpur and Rayagada of Odisha. Hence, the students of Berhampur University are mostly from backward tribal areas and they below average standard as compared to other university of Odisha.

Opportunities:

- ✓ Impress upon and work with the Government and NGOs in formulating and implementing policies for under-privileged sections within its geographical jurisdiction, which includes regions affected by left wing insurgencies, so as to bring them to the mainstream of civil society.
- ✓ Use the CBCS based education to provide vertical and horizontal academic mobility of youth, in areas of their own interest. The system delivers benefits of higher education to the population inhabiting the geographic jurisdiction of the University.

Challenges:

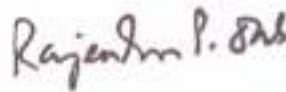

- ✓ Uplift the academic level of the students, coming from educationally backward region, who are again first generation learners.
- ✓ Enhance funding opportunities and use the fund effectively for starting multi- and/or inter-disciplinary research/courses as per the requirements.

8. Plans of Institution for Next Year
