The Annual Quality Assurance Report (AQAR) of the IQAC (2017-18)

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. *(Note: The AQAR period would be the Academic Year. For example, July 1, 2017 to June 30, 2018)*

1.2 (i) Flexibility of the Curriculum: CBCS/Core/Elective option / Open options

The Choice Based Credit System enables a student to obtain a degree by accumulating required number of credits prescribed for that degree. The number of credits earned by the students reflects the knowledge or skill acquired by him/her. Each course is assigned with a fixed number of credits based on the contents to be learned. The students also have choice in selecting courses out of those offered by various departments.

Courses offered in the University follow both semester and Annual pattern and the semester pattern under CBCS system. The marks obtained are converted in to grades under relative grading system. The courses offered under Distance Education follow the Annual pattern and the divisions are awarded on the basis of the mark secured.

The practice of final grading under CBCS system calculated as the weighted SGPA and CGPA are computed on the basis of grades awarded in the semester examination and the number of credits prescribed for a particular course. The grades in the semester examination are awarded based on relative grading. All diploma courses also follow the semester pattern but these final marks are taken into consideration not the grade.

(ii) Pattern of programmes:

Pattern	Number of programmes
Semester	✓
Trimester	
Annual	✓

1.3 Feedback from stakeholders* (On all aspects) Alumni Parents Employers Students

Mode of feedback : Online Manual Co-operating schools (for PEI)

**Please provide an analysis of the feedback in the Annexure*

1.4 Whether there is any revision/update of regulation or syllabi, if yes, mention their salient aspects.

YES

The curricula of all the programmes have been revised periodically through Board of Studies. The CBCS course also allows freedom to the students to choose elective course from the same or from the other departments which enables them to bridge the gaps and deficiencies which they may have in order to meet the requirements of core courses. A revised Ph. D. regulation, 2016 has been introduced.

1.5 Any new Department/Centre introduced during the year. If yes, give details.

2.12 How does IQAC Contribute/Monitor/Evaluate the Teaching & Learning processes:

1. The IQAC plays a vital role in the development of strategy and in the formulation of policy guidelines and action plans
2. The IQAC formulated a quality management system for teaching and learning in the University.
3. Students support services have been consolidated and process of academic audit initiated in teaching and learning.
4. IQAC monitor the teaching learning process by examining the PBAS of faculty members.

3. RESEARCH, CONSULTANCY AND EXTENSION

3.1 Initiatives of the IQAC in Sensitizing/Promoting Research Climate in the institution

- MoUs has been signed between Berhampur University and Hamburg University of Applied Sciences, Germany, to encourage and enhance research and educational activities.
- Many noted academicians and reputed scientists from across India were invited to deliver lectures
- University, on its foundation day on 2nd January, awarded best research scholars (in science, social science and management), best teacher and employee of the university for the year 2017-18.

- Berhampur University is the only University in the State offering Post Graduate Course in Marine Sciences, Military Sciences, Linguistics and Diploma courses in Russian Language.
- The university offers Bachelor and master in Education.

- The university which caters to the needs of the under-privileged people inhabited in growing trend of gross enrolment ratio.
- The university has been successful increasing infrastructure such as common kitchen, toilet complex, human resource development centre and two academic blocks.

Weakness:

- Because of superannuation of a large number of senior faculty members and very limited recruitment in the last decade, the university has started affecting both academics and administrative capacity of the institution.
- Due to natural calamities, the staff quarters are in a dilapidated condition and funds for maintenance is too poor.
- The university is located in a cyclone prone area and faced the fury of three very severe cyclonic storms within a span of five years.
- The academic quality of the students of this university at the entry level is below that of the students of other competing universities while the learning outcome of the students is at par with other universities.

Opportunities:

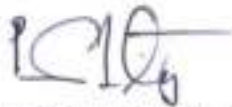

- University has set up coaching centers for Career Counseling, IAS, SC/ST and OBC students.
- Impart and work with the Government and NGOs in formulating and implementing policies for under-privileged sections within its geographical jurisdiction, which includes regions affected by left wing insurgencies, so as to bring them to the mainstream of civil society.
- Keeping in view the academic growth of the university, both RUSHA and World Bank have sanctioned grant-in-aid in favour of the university for its all round development.

Challenges:

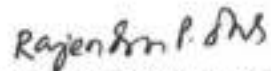

- Keeping in view of the earlier natural calamities, the university always alert for disaster management.
- Uplift the academic level of the students, coming from educationally backward region, who are again first generation learners.
- Strengthening for communication skill of the students and make them employable the university is taking all necessary steps to provide the required skill by signing MoU with other universities.

8. Plans of Institution for Next Year

- To offer new courses in social sciences, humanities and applied science.
- To offer new professional courses like B.Lib. and B. Pharm.
- To fill- up both teaching and non-teaching posts of the university.
- To encourage affiliated colleges to form IQAC and to prepare for NAAC Accreditation.
- To strengthen university-college link by frequent interaction with the affiliated colleges.
- To create centre of excellence and central instrument centre for cutting edge research and academic activities.
- Development of Human Resource Development Centre(HRDC) is in the pipeline to provide training to the college and university teachers.
