## About the Academy

Odisha Judicial Academy (in short OJA) functions as the premier judicial training institute of Odisha. The functional approach of OJA is to advance knowledge in judicial education, different from legal education. In order to achieve the same, OJA conducts various training programmes for the judicial officers and other stake holders of the justice delivery mechanism, as per their specific needs.

This handbook gives a glimpse of what OJA has on offer for the judicial officers to add and assist them in building a glorious career as a judge...

From the desk of

**Hon'ble the Acting Chief Justice, High Court of Orissa  
cum-Patron-in-Chief, Odisha Judicial Academy**

Reposing confidence of the general public towards judiciary and judges is a primary element of our justice delivery system. However, the public confidence will not come automatically, but it is to be earned continuously and replenished, for which we all have to develop our learning process, skills and expertise in different branches of law both theoretically and practically. The quality in judicial performance of our officers can be best achieved when it is reinvigorated by a dedicated judicial training and learning system. Our Odisha Judicial Academy is always endeavouring to improve the training module and to facilitate all officers to have best training programmes in the Odisha Judicial Academy (OJA) and its Regional Judicial Academies (RJAs).

I am very glad to know that our OJA under the supervision of the Chairperson and Members of the Odisha Judicial Academy Committee has brought out this **Training Handbook-2023-24** with a nice theme

“**Shaping Judicial Officers – Building the Future**”, which has been designed in a very presentable format providing pictographic information on the journey of the OJA so far, need of judicial training, the facilities and activities of OJA and RJAs and details of training modules and programmes.

It is also a matter of pleasure to know that along with this Handbook, the OJA has also brought out a small pocket book called “**Anushasan**” giving glimpses over the judicial ethics, discipline, conduct and decorum of the judicial officers. This also contains vital instructions, guidelines, circulars and advisories issued by Hon’ble Supreme Court, High Court and extract of important Rules from OSJS & OJS Rules, 2007.

I hope that both these small books will be very helpful for the judicial officers and most particularly the new entrants into the judiciary and this would have a guiding force on them for creating a new image of the Odisha Judiciary.

I congratulate the Chairman & Members of the Committee and the Odisha Judicial Academy as a whole for this new endeavour and hope that this publication will be updated from time to time for the better future guidance to our officers.

*As Chairman of the Committee, I am indeed delighted for the publication of the training Hand Book as well as the book of Judicial Code of Conduct and I am sure that this will go a long way in shaping the career of Judicial Officers and guide them in delivering justice with humility, grace and dignity.*
