PREFACE

It is my privilege and honour to write the preface on the annual report of Berhampur University for the calendar year 2019. I joined the University as its vice-chancellor in October 2019, and was highly motivated to see the eagerness and enthusiasm of all our students, teachers and staff of a very proud family 'Bhanja Parivar'. Yes, our university is a huge banyan tree, witness to all happenings around it, taking a toll on it sometimes, but providing the much needed shade, comfort, succour and imparting knowledge to all in making worthy man/women out of the young. As we have progressed from strength to strength, we have not forgotten our roots and deliverance promise to successive generations. A university stands for universal education through academics, research, debate and exchange of ideas. We adhere to our fundamental principles of education to the downtrodden, women and the less privileged along with all others who seek knowledge.

This annual report pertains to the calendar year 2019. I express my deep sense of gratitude to the Editorial Team and Sh. Surya Prakash for enabling the report to be presented in this form. I hope you get enough information of where we stand today and make an assessment of where we lack and what we aspire to be among the top leaders of academic institutions. Together, we shall make our dreams for university a reality soon.

Berhampur University established on January 2, 1967, is a public funded Odisha State University. It has done extremely well in achieving its initial goals, but we need to catch up fast to be a university of eminence. Our teachers, students and staff are hardworking, dedicated and sufficiently motivated to get to where we belong; and we see ourselves among the top in India soon. We have several schemes in hand and shall be able to provide them in our next annual report.

I have immense pleasure and privilege in placing the Annual Report of the University for the year 2019 with details of the activities of the University, before the Senate for its consideration as per the requirement of Section 9(3)(ii) of the Odisha Universities Act, 1989 and on behalf of the Syndicate.

I place on record my deep sense of gratitude and appreciation to the members of the the Syndicate, the Senate (now dissolved as per the ordinance 2020), the Academic Council, teachers, students, officers and staff of the University; Principals of constituent and affiliated colleges and other stakeholders of the University for their cooperation, support and motivation.

Prof. G.J. Chakrapani
Vice-Chancellor
